

EastLink is a safe, convenient and reliable way to save time travelling across Melbourne. You can by-pass more than 45 traffic lights using the 39kms of motorway, so you have more time to spend doing the things you enjoy.

By joining the Eastern, Monash, Frankston and Peninsula Link freeways together, EastLink provides you with one seamless connection.

- Update your contact details
- Send us a message
- View our Privacy Policy and more

Enjoy a **20% discount** on EastLink car tolls between midnight Friday and midnight Sunday, as well as on public holidays.

Choose how you pay

Tag accounts are the cheapest and most convenient way to pay for your travel on EastLink. For current EastLink toll prices visit EastLink.com.au

Tag account: for drivers making regular trips.

Non-tag account: for motorcyclists and vehicles travelling without tags. Image processing fees are charged for all non-motorcycle trips taken.

Trip passes: for very infrequent travel.

Business account: for businesses to pay monthly in arrears.

To establish a new account, or find out more about our different payment options, please visit us online at EastLink.com.au.

Vehicle and tag classes

Vehicles fall into one of four vehicle classes: car, light commercial vehicle, heavy commercial vehicle and motorcycle. For details visit EastLink.com.au.

We issue tags for cars, light commercial vehicles and heavy commercial vehicles. You must ensure that the class of the tag installed in your vehicle is exactly the same as the class of your vehicle.

Tag sounds

When you pass under a tolling gantry, your tag should emit a sound to indicate your trip has been registered. If your tag doesn't make a noise, you should contact us immediately.

A single beep – your trip has been registered, you have sufficient credit in your account, and you don't need to do anything.

One beep followed by two quick beeps – your account balance is low and needs to be topped up.

Four beeps – your account has been suspended and you need to contact us immediately to reactivate it.

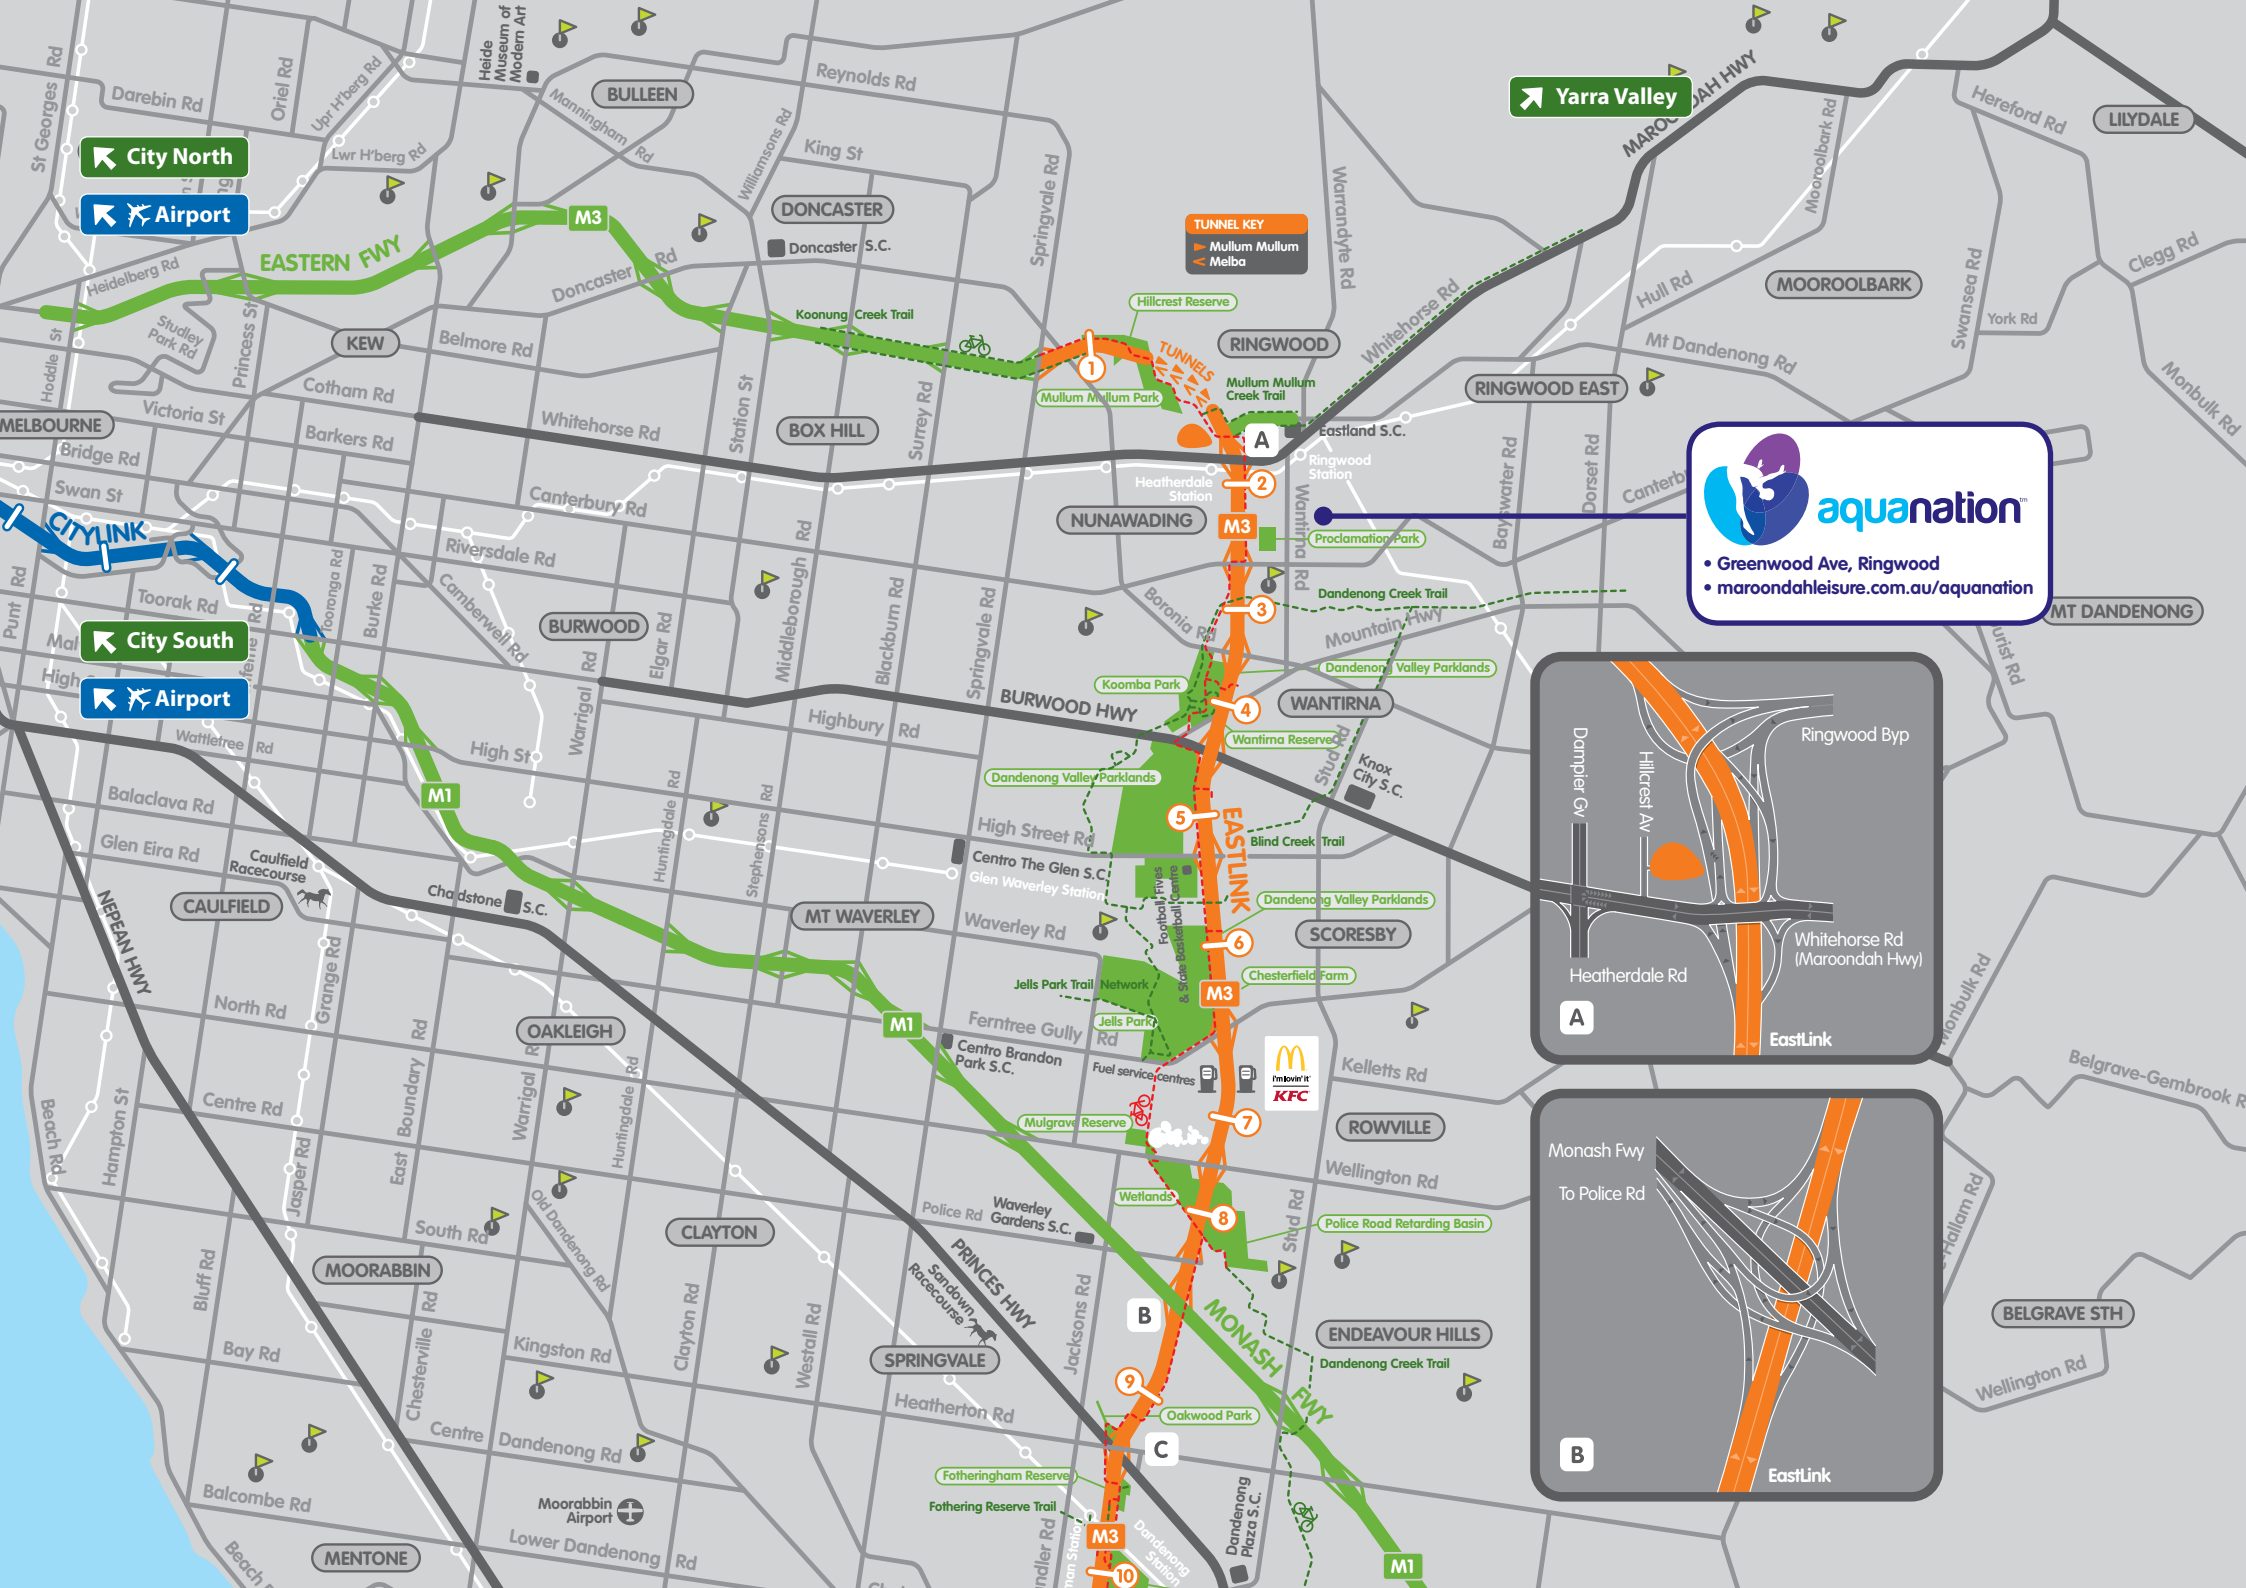

Convenient payment options

You need to keep your account balance in credit by making top up payments.
